THE TIMELESS COLLECTION

THE TIMELESS COLLECTION

“The Timeless Collection” is Vispring’s signature fabric range – a collection of 93 exquisite fabrics specially selected for the upholstery of our handmade mattresses, divans and headboards. The vast majority of these fabrics are exclusive and only available through Vispring.

International furniture designer Terence Mesguich Jacquemin was instrumental in the design of this new fabric range.

Reinforcing our enduring commitment to using all-natural materials, more than 70 per cent of the collection is made entirely from natural fibres.

In keeping with our constant quest for perfection, we have collaborated with historical mills that share with us a long history of know-how, quality handmade products and attention to detail. We have worked with the best suppliers in their fields to source the finest fabrics: British wool, Scottish leather, Italian velvet and Belgian linen are just a few examples.

**“We brought together a collection
of fabrics that, while being beautiful,
also aligned with Vispring’s high quality
and craftsmanship.”**

Terence Mesguich Jacquemin - International Furniture Designer

THE TIMELESS COLLECTION

CHOOSING FABRICS

Selecting the fabric to cover your Vispring mattress, divan and headboard is an important decision. To give you a true appreciation for the quality, colour and feel of all the fabrics in the Vispring Timeless Collection, all retailers have sample books to help you make your choice.

REQUEST SAMPLES

You can request small fabric samples from the Vispring Timeless Collection by calling Customer Services on 01752 366311, or email info@vispring.co.uk.

INTERIOR DESIGN SERVICE

Vispring can personalise your bed with your own fabric, to complement your décor and style. Your material must be supplied with the manufacturer's written confirmation of fabric composition and fire retardancy.

PLEASE NOTE

The colours in this leaflet are reproduced as accurately as possible. Due to print limitations, actual fabric colour may vary. Please ask to view the fabric sample book, available at your Vispring Specialist. Vispring reserves the right to alter specifications without notice.
